

Senior Thesis Seminar

Moritz M. Konarski

September 12, 2020

Contents

Class 03.09.2020	1
In-Class Notes	1
Internship Topics	1
Class 10.09.2020	2

Class 03.09.2020

In-Class Notes

- next meeting will be at 3:35pm
- we will learn stuff and he hopes it will be interesting

Internship Topics

- we could develop a database and make that more or less difficult, depending on what is needed
- converting software used to deal with binary files – including atmospheric and meteorological data – will deal with big data – also include analysis of data
- huge amounts of data that were amassed over decades and now should be made useful
- it might be an online internship – that would be nice

Class 10.09.2020

- presentation by Syrgak Kaparovich
- not in English
